## SUMMARY

Full-stack developer and Computer Science undergraduate (B.Tech, Class of 2027) who builds and ships complete web applications using the MERN stack. Built JobTrack Pro, a recruitment platform with automated resume screening and a 7-stage hiring pipeline, and an HR Management web app with role-based access control. Strong foundation in Java and MySQL, with hands-on experience in React, Node.js/Express, and REST API design.

## EDUCATION

|                                                                                           |                    |
|-------------------------------------------------------------------------------------------|--------------------|
| <b>Bachelor of Technology in Computer Science — GLA University, Mathura</b><br>CGPA: 6.83 | Expected June 2027 |
| <b>Intermediate (Class XII) — Kids Corner Happy SR Sec School — 85%</b>                   | 2023               |
| <b>High School (Class X) — Kids Corner Happy SR Sec School — 77%</b>                      | 2021               |

## SKILLS

**Languages:** JavaScript, Java, SQL  
**Frontend:** React.js, HTML, CSS, Tailwind CSS, Responsive Design  
**Backend:** Node.js, Express.js, REST APIs, JWT Authentication  
**Databases:** MongoDB, MySQL  
**Tools:** Git, GitHub, VS Code, Postman  
**Soft Skills:** Effective Communication, Teamwork, Interpersonal Skills
